

# Regulations

## International School Friendly Event

### 1. Purpose:

To integrate school children within common passion chess.

### 2. Tournament Organizer

The Polish Correspondence Chess Commission of the Polish Chess Federation is organising this tournament.

### 3. Period of play

The tournament will start on 2017-10-01 with end date 2018-05-31.

### 4. Participation and entries

This is an invitational event. Invited school teams are eligible to participate in this event free of charge. The organizer reserves the right to reject entry without giving a reason.

There will be 6 server boards (1xgame/board) - 6 players in each team (1xteacher, 5xstudents). A maximum of 3 players may be replaced during the tournament, no more than one per board.

All entries should include following details: player's name & ICCF ID, board order, Team Captain's name & ICCF ID.

Entries containing player's name, date of birth, e-mail address, living place, ICCF ID and current rating should be forwarded by e-mail to Mariusz Wojnar, e-mail: [mariusz.wojnar@gmail.com](mailto:mariusz.wojnar@gmail.com), to reach him before 20th September 2017.

### 5. Playing system

This team tournament is unrated and it is supposed to be a single round robin event played by ICCF server.

### 6. Time control and rules

Standard ICCF rules (Code of Conduct Guidelines, Tournament Rules, Playing Rules Server, Playing Rules Guidelines) apply. They are available at the ICCF website under ICCF Rules tab (<https://www.iccf.com/message?message=447>).

The event will be unrated. Time control - an incremental rate of play (initial time: 20 days per game plus increment: 1 move in 3 days with duplication after 20 days; 10 days leave per calendar year, no special leave).

Games are automatically scored as a loss if a player exceeds his thinking time or violates rule 3b. Before 40th day of reflection time for 1 move player must express his wish to continue game (in game window by using option "Use 40+"), unless server automatically fixes forfeited game on time.

Linear conditionals can be entered. This tournament allows claims based on the 6-piece tablebase.
